CRN Recognizes HUB Tech on 2022 Solution Provider 500 List

South Easton, MA, June 13, 2022 — HUB Tech today announced that CRN[®], a brand of The Channel Company, has named HUB Tech to its 2022 Solution Provider 500 list.

CRN's annual Solution Provider 500 ranks North America's largest solution providers by revenue and serves as the gold standard for recognizing some of the channel's most successful companies. With a combined revenue of more than \$434 billion, this year's list represents an impressive amount of influence and impact wielded by these companies on today's IT industry and the technology suppliers they partner with.

"HUB Tech is proud to be recognized 2 years running for the MSP500," said HUB Tech President, Joseph Lovetere. "We pride ourselves on putting our clients first and ensuring we do all we can to meet their needs and exceed their expectations. We have built an exceptional MSP framework and support team who enjoy solving problems for clients while proactively preventing them," Lovetere said.

"The Solution Provider 500 list from CRN serves as the benchmark for the top technology integrators, strategic service providers, and IT consulting firms, making it an invaluable resource for technology vendors seeking to partner with today's top-performing IT solution providers," said Blaine Raddon, CEO of The Channel Company. "My congratulations go out to each of these companies for their extraordinary contributions to the continued growth and success of the IT channel."

CRN's 2022 Solution Provider 500 list is available online at www.CRN.com/SP500 and a sample from the list will be featured in the June issue of CRN Magazine.
